## Celebrating Our Planet Earth

Dear Parents,

In April, we are going to celebrate our planet Earth! Each year on April 22nd, the world celebrates Earth Day to show support for eco-friendly initiatives. We will learn about how we can help Earth by Recycling, Reuse, and Reduce. Also, we will learn how we can conserve electricity. We will discuss the importance of planting a tree and how to take care of plants.

## What can we do on Earth Day 2022!

- Bike or walk to the store.
- Grow your own vegetables
- Reduce plastic usage.
- Conserve electricity.
- Help clean up your yard, neighborhood or nearby watershed
